**IMPORTANT SAFETY INSTRUCTIONS**

When using electrical appliances, especially when children are present, basic safety precautions should always be followed, including the following:

**DANGER** - Any appliance is electrically live even when the switch is off. To reduce the risk of death by electric shock:

1. Always unplug appliance immediately after using.
2. Do not use while bathing or in the shower.
3. Do not store or place appliance where it can fall or be pulled into a tub or sink.
4. Do not drop or place in, drop, into water or other liquids.
5. If an appliance falls into water, unplug it immediately. Do not reach into the water.

**WARNING** - To reduce the risk of electric shock, fire, burns, electrocution, fire, or injury to persons:

1. This appliance should not be left unattended when plugged in. This appliance is not intended for use by children age 12 and below. Children should be supervised to ensure that they do not play with the appliance.
2. This appliance is designed to be operated at 120 V AC only. This unit is designed to be operated on Alternating Current (60 hertz) only. This unit is not intended for use in or in association with electrical systems of any kind that maintain the line at constant temperatures. There is a constant surge of power to ensure that heat is continuously and quickly delivered for optimal styling results, unlike other units, which lose heat during use. This provides consistent styling power so that every strand of hair is straightened. Where oxygen is being administered.
3. Never block the air openings of the appliance. The plates of your new straightening iron are designed with a little give, to "float" in your hair. This provides consistent styling power so that every strand of hair is straightened. It is important to select the desired heat setting on high. Ceramic even heat distributes the heat over the surface of the plates so that you achieve the ultimate in healthy, shiny, silky-looking hair. You'll find that hair glides easily over the surface of the plates as you're straightening, and that it is easier to clean styling product residue, etc., off the plates as you're gliding, maximum manageability and more professional results. The plates have a constant surge of power to ensure that heat is continuously and quickly delivered for optimal styling results, unlike other units, which lose heat during use. This provides consistent styling power so that every strand of hair is straightened. It is important to select the desired heat setting.
4. Never use an extension cord with this appliance. This appliance has a polarized plug (one blade is wider than the other). As a safety feature, this plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to defeat this safety feature.

**SAVE THESE INSTRUCTIONS**

**OPERATING INSTRUCTIONS**

This flat iron is intended for household use. Use it to straighten and style your hair.

**Instant Heat Technology**

The unique combination of Ceramic™-coated oil-infused plates and Instant Heat technology provide styling versatility for all hair types. If you have fine hair, a low temperature will provide the best results. If you have thick, wavy or hard-to-straighten hair, a high temperature will be best for your hair. The ceramic even heat distributes the heat over the surface of the plates as you’re straightening, and that it is easier to clean styling product residue, etc., off the plates as you’re gliding. Maximum manageability and more professional results. It is important to select the desired heat setting. If you have thin, fine hair, a low temperature will provide the best results. Start with a medium setting, but keep the heat setting on high. Ceramic even heat distributes the heat over the surface of the plates as you’re straightening, and that it is easier to clean styling product residue, etc., off the plates as you’re gliding. Maximum manageability and more professional results. The plates of your new straightening iron are designed with a little give, to "float" in your hair. This provides consistent styling power so that every strand of hair is straightened. It is important to select the desired heat setting.

**STYLING WITH THE TOURMALINE CERAMIC™-COATED OIL-INFUSED PLATES**

Your new flat iron plates feature tourmaline Ceramic™-coated oil-infused plates for smoother hair appliances. The ceramic even heat distributes the heat over the surface of the plates as you’re straightening, and that it is easier to clean styling product residue, etc., off the plates as you’re gliding. Maximum manageability and more professional results. The plates of your new straightening iron are designed with a little give, to "float" in your hair. This provides consistent styling power so that every strand of hair is straightened. It is important to select the desired heat setting.
GET TO KNOW YOUR FLAT IRON

USER MAINTENANCE
Your flat iron is virtually maintenance-free. No lubrication is needed. Keep all vents and openings clear of dirt and dust. If cleaning becomes necessary, disconnect the unit from the power source, allow to cool and wipe exterior with a cloth. If any abnormal condition occurs, unplug the unit, allow it to cool, and return it for repair to an authorized service representative only. No repairs should be attempted by the consumer.

CAUTION
NEVER allow the power supply cord to be pulled, twisted, or severely bent. Never wrap the cord tightly around the appliance. Damage will occur at the high flex point of entry into the appliance, causing it to rupture and short circuit. Inspect the cord frequently for damage. Should immediately if damage is visible or if unit stops or operates intermittently.

STORAGE
When not in use, your iron is easy to store. Allow appliance to cool, then simply store out of reach of children in a safe, dry location. Do not jerk or strain cord at plug connections. Do not wrap the line cord around the appliance. Allow the cord to hang or lie loose and straight at the point of entry into the appliance.

LIMITED THREE-YEAR WARRANTY
Conair will repair or replace (at our option) your unit free of charge for 36 months from the date of purchase if the appliance is defective in workmanship or materials. To obtain service under this warranty, return the defective product to the service center listed, together with your purchase receipt and $5.00 for postage and handling. California residents need only provide proof of purchase and should call 1-800-3-CONAIR for shipping instructions. In the absence of a purchase receipt, the warranty period shall be 36 months from the date of manufacture.

Any implied warranties, obligations, or liabilities, including but not limited to the implied warranty of merchantability and fitness for a particular purpose, shall be limited in duration to the 36-month duration of this written, limited warranty. Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

IN NO EVENT SHALL CONAIR BE LIABLE FOR ANY SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES FOR BREACH OF THIS OR ANY OTHER WARRANTY, EXPRESS OR IMPLIED, WHATSOEVER.

This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state.

WARNING: IF YOU THINK THE POWER IS OFF WHEN THE SWITCH IS OFF YOU'RE WRONG.

KEEP AWAY FROM WATER
Everyone knows that electricity and water are a dangerous combination. But did you know that an electric appliance is still electrically live even if the switch is off? If the plug is in, the power is on. So when you are not using your appliances, keep them unplugged.

LIMTED THREE-YEAR WARRANTY
